## VALLE D'AOSTA DOC SYRAH

Henri's maturity: following the labels dedicated to his father and grandfather, it's time to present the latest addition, Mathieu. A personal and professional challenge that Henri overcame thanks to a wine that is born to last, one that will evolve into an outstanding drink over time. Mathieu expresses the different voices of Syrah: one conveys the Aosta valley; another speaks of the recent but already perfectly enjoyable vintage; and, last but not the least, another is the voice of Henri, who is now on his eighth solo harvest. This wine is another step in a clear and continuous journey towards qualitative and personal development.
